SMALL FIRE AT JAIL.

Papers in Ventilator Had Gotten Afire.
Causing Much Smoke—Still Alarm.

At 7.45 o'clock on Monday evening,
in response to a telephone call from
the jail on Cedar street, Chief Stanton
ordered Chemical company No. 1 there
and responded himself. The fire was
handled well by Jailer Bowen, so that
the firemen were not needed, but were
on hand in case their services were
wanted. Prisoners somehow had placed
papers in a ventilator and they had
become ignited, causing much smoke,
the location of which was uncertain for
a time. When located, the papers were
quickly hauled out and the trouble
overcome.

At 2.10 o'clock an alarm from box
No. 1 called the department to No. 12
Oak street, where old papers in the
back yard of the home of Thomas
Fenton had been set afire and they had
set fire to a house. Someone became
frightened at the size of the blaze and
rang in an alarm, but the blaze was
cut before the firemen could get there.

Married Fifty Years.

Monday was the fiftieth anniversary
of the marriage of Capt. and Mrs. Na-
than Keeney of New London. On ac-
count of the ill health of Captain
Keeney no effort was made to celebrate
the occasion, the couple preferring to
spend the day in a quiet manner at
their home.

Capt. and Mrs. Keeney were married
fifty years ago by Rev. William R.
Reed, pastor of the First Baptist
church, New London.

Captain Keeney is a retired mariner,
having followed the sea the greater
portion of his life. For about twenty-
five years he was a fisherman and then
entered the employ of the Norwich and
New York Transportation company as
pilot on the steamer Palomouth, plying
between Stonington and New York. It
was but a short time before he be-
came captain, the City of Lawrence
being the steamer on which he took
command. For twenty-five years Cap-
tain Keeney was in command of boats
for the company, the last of which he
had charge being the New Hampshire.

The Weather:

WARMER, WITH SHOWERS.
LIGHT WESTERLY WINDS.

Tuesday, April 13

April weather, always wet and often
cold, has a most unpleasant effect on
some people's skin.

For such people we recommend
PEROXIDE CREAM as an ideal skin
protector, healer and softener. It gives
immediate relief for your skin chaps
in wet weather, and besides being an
ideal protector it CLEANS and
WHITENS the skin—is neither sticky
nor greasy and can be applied at any
time.

Candidly, it is the most popular
toilet cream throughout the United
States today.

Program For The Celebration

Incidents in Society

Idea Given the Executive Committee of What it is Intend- ed to Do—Only Militia Organizations will be Invited —Will Have Loan Exhibit—Ambulance and Dispens- ary Service.

Sixteen members of the executive
committee in charge of the 250th an-
niversary were in attendance at the
meeting on Monday afternoon, at
which much was accomplished, there
being several reports and action taken
upon a number of matters. The pro-
gramme for the anniversary and the
of its plans for the three days, and
there was a comprehensive report from
the committee on public safety.

A communication from the Sodewick
post, No. 1, G. A. R., through Adjutant
Hoyer, was received, inviting the com-
mittee to use the war office in Buck-
ingham Memorial as headquarters for
the committee during the celebration.
This was accepted and Secretary Ray-
mond instructed to contact the post.

Upon motion of C. D. Noyes it was
voted to invite the Putnam Phalanx of
Hartford to attend the celebration, but
upon motion of Dr. P. H. Harriman it
was voted not to invite any organi-
zations outside the city, except mili-
tary organizations.

The reports of the committees on
invitations were received and there
were submitted forms of invitations for
the militia organizations. It was de-
cided to accept the invitation of the
Putnam Phalanx, and also a form for
the general invitation. It was voted
to order 5,000 invitations of the
form submitted by Mr. T. H. Noyes.
It was voted to buy badges for the com-
mittee.

Dr. H. Harriman, chairman of the
committee on public safety, gave a
fine report, stating that there are city
ordinances which prohibit the dis-
semination of incendiary literature and
that they should be enforced. He re-
ported the organization of the com-
mittee, as previously given. The com-
mittee voted that all the fire alarm
bells should have full equipment for the
days of the celebration and that the
fire department should not participate.
It was suggested that there should be
an ambulance and dispensary service
under the direction of Superintendent
Symington, the ambulance to be at the
city hall subject to call, and that there
will be a corps of Red Cross nurses in
readiness.

larger attendance is expected.

ous record being made by the Calve

PROF. JOHN DUXBURY

GIVES FINE RECITAL.

The Story of Joseph and His Breth-
ren the Subject at Osgood Memorial.

At the Osgood Memorial on Monday
evening, Prof. John Duxbury of Victo-
ria university, Manchester, England,
gave a fine recital. This was Profes-
sor Duxbury's first appearance in Nor-
wich, many having attended the se-
cond, in which he gave the book of Job
and the story of the blind men. There
were many who had not attended the
first recital and many who had not
attended the second. The recital was
most successful and the audience was
most appreciative. In this they were
not disappointed.

The principal reading of the even-
ing was the story of Joseph and his
brethren, which Professor Duxbury
has selected from the much longer
story of the life of Joseph, the most
impressive of the passages of the story
with now and then a Bible verse or
two to form them into a connected
story of the life of Joseph, the most
impressive of the passages of the story
which was written in the last century,
was not at first given the recognition
it has but has through the praise of
Chatterton's "The Rites of the Dead"
and the "The Rites of the Dead" has
become widely known. Taking four hours
and a half for a complete reading, Pro-
fessor Duxbury is obliged to omit all but
the most important passages of the story
and to read them in a condensed form.
These are finely adapted to his pur-
pose and the old drama of jealousy
and hatred, which the picture of a
people and manners, excellently por-
trayed.

Given in Professor Duxbury's in-
tensely individual and masterly way
it is full of dramatic power. The second
part of the programme included Little
Jack London's "The Call of the Wild",
Carlyle's "Tennyson", Shakespeare's
"Dickens" would have written it, which
is always demanded from Professor
Duxbury. The recital was most suc-
cessful and the audience was most ap-
preciative. In this they were not dis-
appointed.

The recital was given under the aus-
pices of the Parish House association,
of which Mr. Alfred Vaughn is
president. Rev. Dr. Howe introduced
the speaker.

NORWICH TO NEW LONDON.

Hazlehurst Was Within One Minute of
Sergeant Walsh's Time.

In the discussion of walking times
between Norwich and New London,
aroused by the recent feat of Sergeant
Walsh, the professional, in making the
distance in a hour and a half, a Nor-
wich man rises to remark that Railroad
Detective Charles E. Hazlehurst did
the distance in one minute more than
the sergeant's time and that the Nor-
wich man was within one minute of
2 hours 14 minutes. Both of these
times challenge and beat out the ama-
teur record of 2 hours 15 minutes
longer, and Hazlehurst's time of 1
hour 57 seconds claimed for A. H. Chappell
of New London in 1887.

This Norwich critic of the Chappell
record stated that a man named A. H.
Walsh made the distance in 1867 in two hours,
walking in the summer time, but Haz-
lehurst and Cash did the hike in the
winter, with Steve as a referee and
timekeeper, about 8 or 9 years ago.
Hazlehurst doing it in 2 hours 1
minute, and Cash taking 13 minutes
longer, and Hazlehurst's time of 1
hour 57 seconds claimed for A. H. Chappell
of New London in 1887.

nior warden; Charles E. Nichols, par-
